

# PALMER INDUSTRIES

HOSPITALITY DIVISION  
CUSTOM SINK LEG SOLUTIONS

At Palmer, we pride ourselves on our in-depth knowledge of the unique challenges and requirements facing the hospitality industries.

Our team specializes in conceptualizing, designing, and engineering products that satisfy functional needs with architectural appeal.

Palmer consoles can be seen the world over in upscale boutique hotels, posh high-rise residences, fine restaurants, cafes, and myriad commercial environments.

Allow us to guide you toward sound, practical, and educated decisions that will enhance your business and delight your guests.

**Palmer Industries** is an American manufacturer of solid brass vanity sink legs, and other architectural metalwork. We are a custom supplier, with each stand built and packaged one at a time to your custom specifications...any style, any size, any configuration, and any finish.

The Metropolitan

The Victorian

Our company was founded forty years ago as a custom, artisan-style shop, offering a very high degree of customer service and design flexibility...and we still operate on that basis today, building each console individually to your preference. Our business model is structured to produce a meticulously crafted and personalized product assembled in America, accompanied by the extraordinary response and follow through of our experienced team.

## Palmer Designs.... Palmer Possibilities...

As individual details are layered within a bathroom space, the Palmer console will integrate perfectly with your unique choices of personal colors, wall, floor and counter materials, and plumbing fixtures.

Palmer consoles will support any choice of counter material, such as granite, marble, quartz, porcelain, cement, Corian, glass, metal, or wood. You provide the counter, and Palmer will design the appropriate washstand exactly to specification: the perfect marriage.

Engineered in solid brass and richly finished in a full palette of lustrous platings and hand-rubbed patinas, Palmer Industries brings you the finest in custom vanity sink legs, perfectly at home in elegant bedroom suites or understated powder rooms.

## If You Can Dream It... Palmer Can Build It

From your inspiration to the final polishing touch, Palmer's dedicated team of engineers and artisans can take your project from conception to completion.

Provide us with your architectural specifications, a simple sketch, magazine clipping, or a concept image from Houzz or Pinterest, and Palmer will quickly propose a solution to accommodate your design intent.

## A close-up, vertical view of a sleek, metallic pen or stylus. The device has a polished, reflective surface with a central vertical groove. A small, circular detail is visible near the bottom.

Born from Solid Brass...  
Schooled in Luxury...  
Finished with Style & Polish

Our components are proprietary to Palmer, precision machined from solid brass rod with computer-controlled equipment, producing a perfect fit and finish consistent with the highest-quality bath furniture.

A unique Palmer advantage is the interchangeability of our parts, enabling you to custom design and configure a washstand utilizing exactly the style of components you prefer, chosen from our vast library.
