

SOHO MODEL SH200

In an inspired departure from our modular, tube & connector style vanity leg systems, Palmer introduces the curvaceous "Soho" precision-machined solid brass leg.

This elegant 33"-tall leg flows from its widest embellishment at 2-3/4" diameter, undulating gracefully down to a 5/8" ankle above its poised foot.

The Soho is sold as Single Legs only, use more than one to create your configuration.

Palmer Consoles are completely modular and custom built to any design and leg configuration
