

Palmer Wall Display with graphic  
26.5" wide x 42.5" high

# PALMER INDUSTRIES

CUSTOM SINK LEG SOLUTIONS

## DEALER WALL DISPLAY

The Palmer Wall Display consists of five single legs in a variety of styles and finishes, all chosen by the dealer. Each leg is easily removed, allowing your client a hands-on review of our high-quality construction, fit, and finish.

This display, with or without the optional graphic as shown, introduces an often overlooked category of product in your showroom... specifically Custom Sink Legs, in any style, configuration, and finish.
