

Low Profile
Shelf Supports

SS2LP*

&

SS3LP*

Bun Foot Style shown for reference only

1. Shelf Support Socket (part of Leg Assembly)
2. Low-Profile Shelf Support Tube
3. Structural Screw
4. Wall Flange
5. Wall Anchor
6. Hex Wrench & Set Screw

The Low-Profile Shelf Support Wall Flanges (#4) MUST be positioned so that the Low Profile Shelf Support Tubes (#2) are level, parallel and are square to the Front Horizontal Crossbar.

* Note: For Leg System Configurations with rear Legs, the Low-Profile Shelf Support Tubes (#2) are connected to the Shelf Support Sockets (#1) on the front and rear legs.
