

HOTEL STYLE SHELF

Accessory

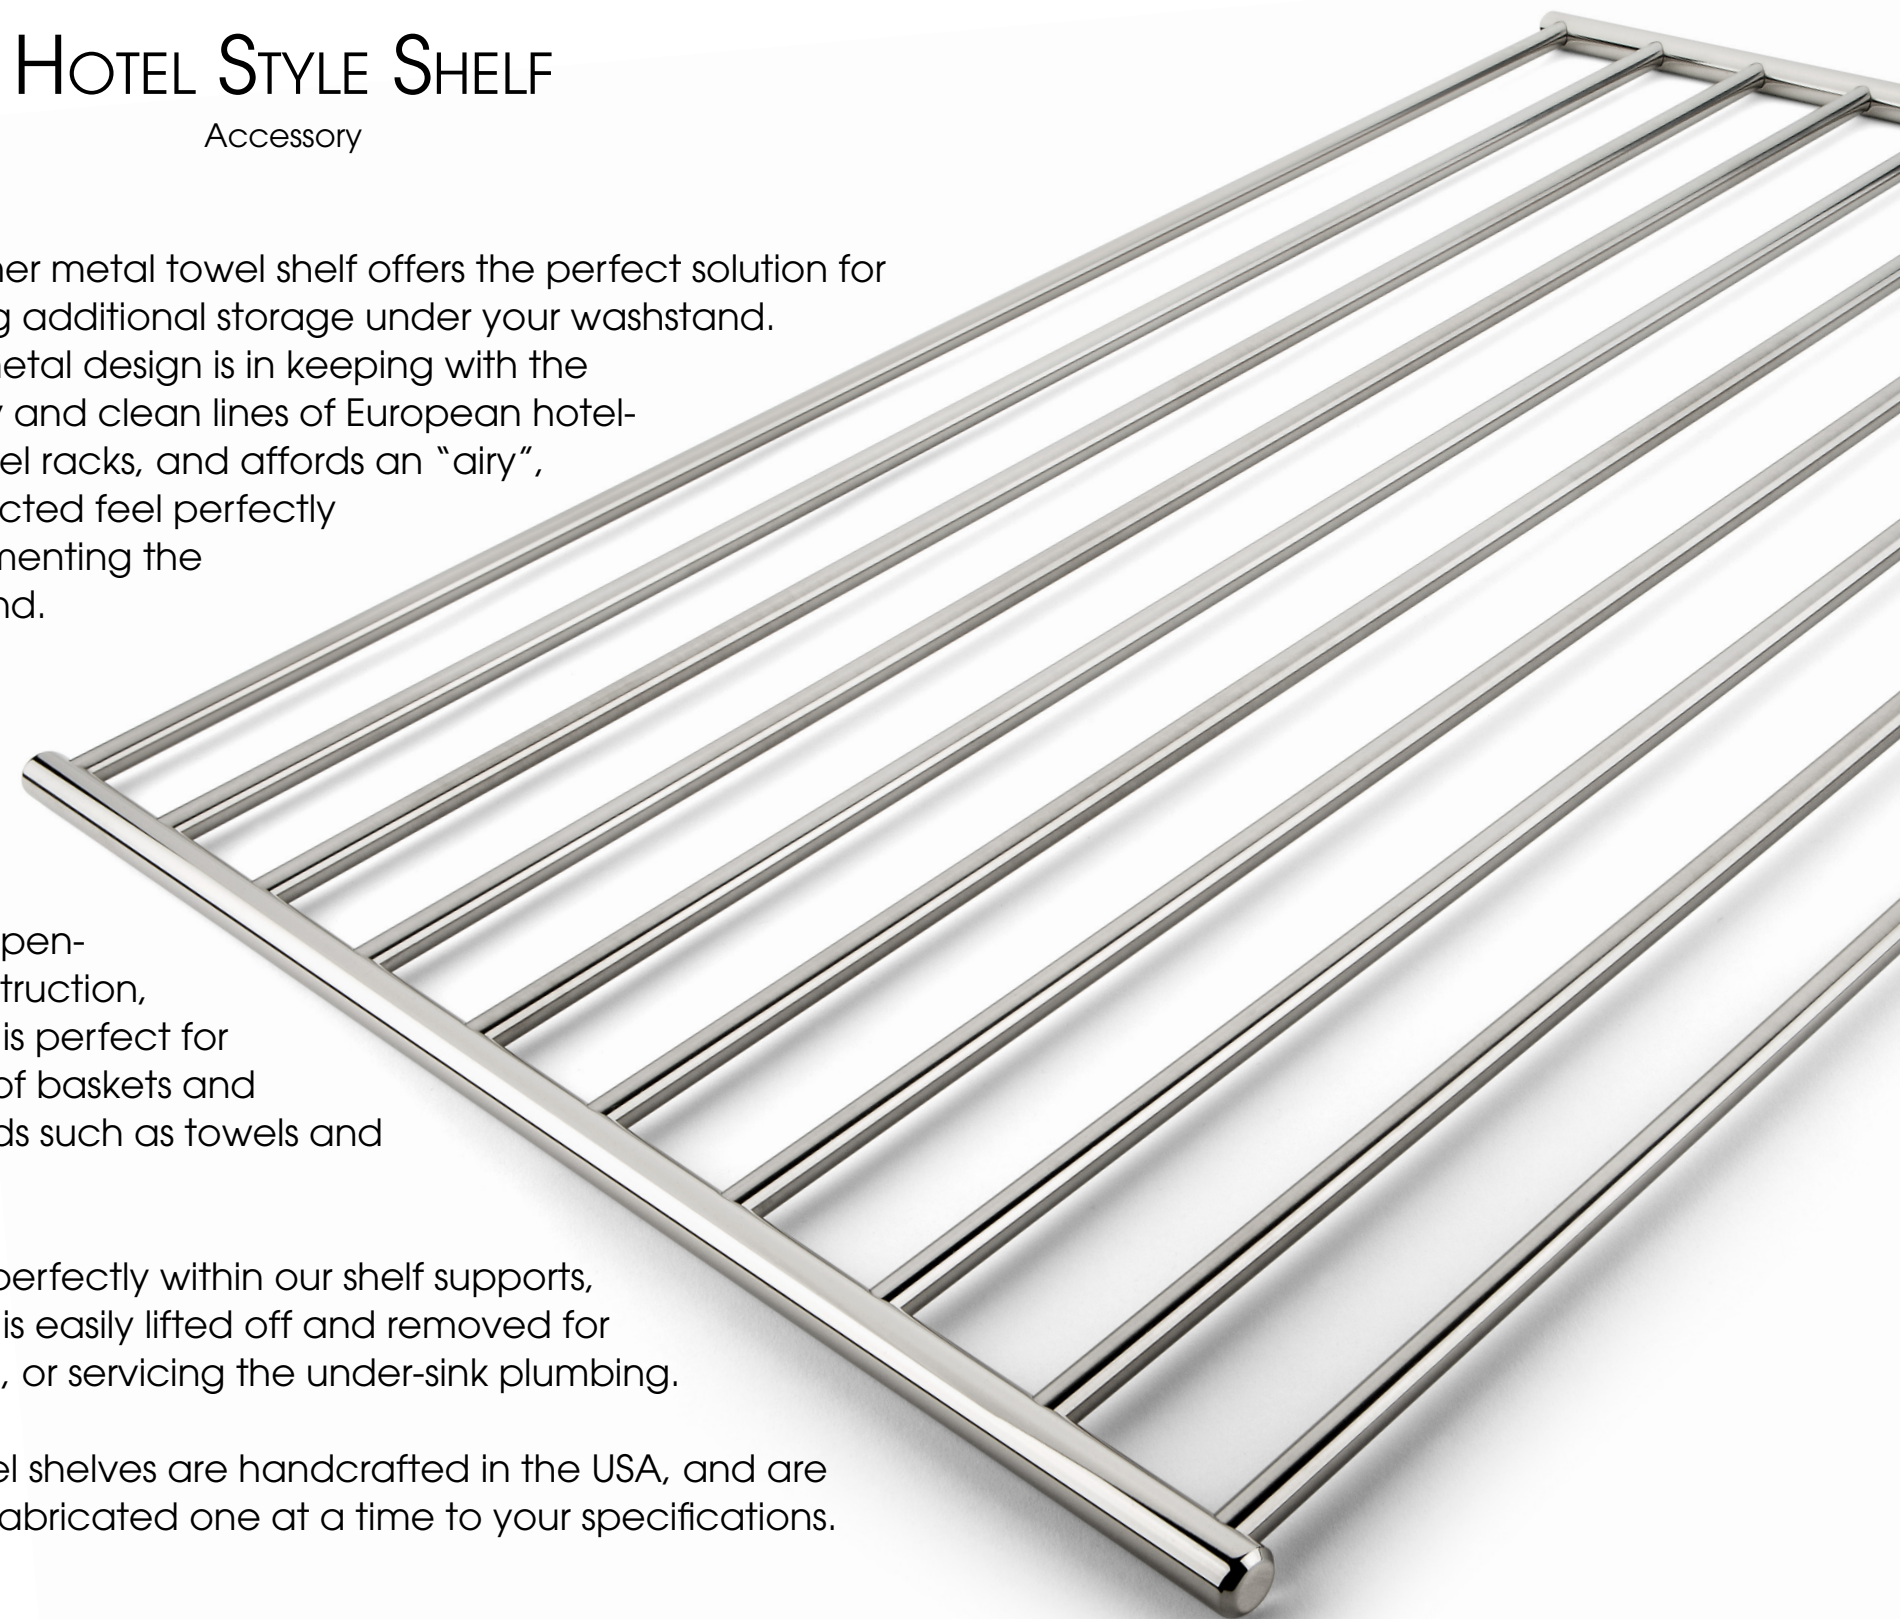

Palmer Consoles are completely modular and custom built to any design and leg configuration

The Palmer metal towel shelf offers the perfect solution for providing additional storage under your washstand. The all-metal design is in keeping with the simplicity and clean lines of European hotel-style towel racks, and affords an "airy", unobstructed feel perfectly complementing the washstand.

With its open-bar construction, the shelf is perfect for storage of baskets and soft goods such as towels and tissues.

Nesting perfectly within our shelf supports, the shelf is easily lifted off and removed for cleaning, or servicing the under-sink plumbing.

Our towel shelves are handcrafted in the USA, and are custom fabricated one at a time to your specifications.
